*“As Treasurer, my goal is to further the objective of CRNA practice by working with our board members at WANA to protect our scope of practice and educating the public of our role in Washington State. I believe in our new AANA title and descriptor of Nurse Anesthesiologist and will continually advocate at a local and national level for our profession. My experience includes being the first to bring AANA representation to my anesthesia school, being interviewed several times on anesthesia podcasts and being invited to speak on multiple occasions at both the state and national levels. I have practiced in 3 different states in a variety of practice settings (independent to strict ACT) and negotiated independent solo contracts in Washington, while never undervaluing our skills as CRNAs. I understand the limitations and barriers that CRNAs face every day, and I will never settle for below average if elected Treasurer. Thank you.”*

Previous Employment: WOMACK Army Medical Center, Ft. Bragg, NC, 2002-2006

AANA Offices and Committees: None

WANA Offices and Committees: Board of Directors, 2011-2013; Nominating Committee, 2013-2014

AANA Conferences Attended: Annual Congress

Additional Information: *"After serving on active duty for 6 years and graduating from nursing anesthesia school, I joined the US Army Reserves and am currently serving as Colonel in the US Army Reserves for the past 36 years and as Chief of Anesthesia Nursing Services for the 7451 MORU, Ft. Lewis, WA. Deployed to Iraq in 2006 and Afghanistan in 2008, 2011, and 2017. Graduated from Northeastern University in Boston, MA with a Doctorate of Nursing Practice in 2014. I was a Battalion Commander for the 1984th USAH Detachment 1 in JBER, Anchorage, Alaska from 2014-2016. I also currently deploy overseas as a government contractor on a medical surgical team for 45 days, three times a year. I am the Chief of Anesthesia at La Belle Vie Cosmetic Surgery Center and in charge of hiring CRNAs that are a good fit for the cosmetic surgery arena, ensuring that all surgical days are covered by anesthesia, and proficient at salary negotiations. I am actively involved in teaching military student CRNAs at Madigan Army Medical Center and act as adjunct faculty. I have been teaching ACLS and PALS at Madigan Army Medical Center for the past 14 years. I have presented lectures at several annual WANA conferences in the past. Presented a lecture on the Management of Patients during a MASCAL incident at the Oregon Association of Nurse Anesthetists conference in Portland, Oregon in May 2018. I have presented a lecture at the American College of Cosmetic Surgeons Review Course on Anesthesia safety considerations for the Office based setting in Chicago, Il, in Aug 2016, Aug 2017 & Aug 2018. I was influential in initiating the ultrasound guided TAP block in 2010 at Madigan Army Medical Center and taught the entire anesthesia department which included all the anesthesiologists and CRNAs. I co-authored the following publication: Transversus abdominal plane (TAP) block for analgesia after cesarean section reduces narcotic use in the 24-48 hour period postoperative time, American Journal of Obstetrics & Gynecology, Jan 2012, vol 206, Issue 1."*

AANA Conferences Attended: Salt Lake City, Chicago, Virtual Annual Conference 2020, and Austin 2021

WANA Legislative Activities Attended: CRNA Legislative Day

Leadership Positions at Work: Managing Partner at Hypnos Consulting since 2020; Cofounder of CRNA Intensivo (Critical Care Education Platform); State and National Lecturer in topic of Independent practice, Obstetrics, CRNAs as Critical Care Provider; PRMC Clinical Journal Club Lead.

Additional Information: *"It has been an honor to serve as a member, co-chair, and chair in the Public Relations, Communications, Conference, and PAC committees. It has also been a great learning opportunity procuring and implementing Basecamp, a leadership communication tool project that had been stagnant for a while. Recruiting of new committee members, increased social media presence, and the various CRNA Week campaigns have been fulfilling. The modernization of our PAC back-end financial processing, creating a WANA PAC accessory line, and social media outlets have provided me with a new perspective regarding the importance of donations and a well-oiled processing system. Lastly and potentially the most enriching experience has been the 2020 WANA Spring Conference. During this time of uncertainty for all of us, we were able to navigate the first months of the pandemic and be the first state association to run a successful and profitable state conference while breaking records of attendance. I believe that I could bring a new perspective and transparency to the finances and priorities of our association. I kindly ask for your vote."*
